Locate Teleport

- Navigate your avatar from the lobby to the **Auditorium** doors, located directly north of the lobby entrance.
- Once there, navigate to a seat and press your “X” key to launch a separate window for Zoom
- **Tip:** Both doors go to the same room. Make sure you don’t block a doorway!

- Once in the plenary room, navigate your avatar to a seat and press your “X” key to launch the link to Zoom
- Click the link to open your Zoom app. When you are ready to rejoin the platform, leave the meeting and go back to the Gather tab. Press the **green re-enter button**
- **Tip:** The individual seats mute those around you. Make sure you step off your seat when you rejoin so you can talk to other attendees!

Back from the talk?
Click this button to re-enter Gather:

Re-enter

- Make your way to the **Poster Room**
- Once there, find a **directory** or look at the posters to see which speaker will be where. Step onto the carpet to talk with them, or use the “**nearby**” chat option while standing on the carpet to chat with others near you
- Press your “**X**” key to open the poster PDF full screen.
- **Tip:** Standing on the conversation carpet mutes conversations happening outside of it--make sure you’re standing on the carpet!

- Find a table and take a seat to have private conversations--these tables mute those around you so you won't hear background noise
- Find a two-top table for one on one conversations
- **Tip:** You have to sit on a chair for private conversations, so don't fall off!

- **Walk** to a virtual **Help Desk** to discuss your question directly. The help desk will be located in the lobby
- **Chat** one-on-one with a Helpdesk staff member by looking at the participant list and clicking on their name, then “message”. You can also **search** for the Helpdesk staff member using the search bar, found above the list of participants
- **Raise your hand** by finding the hand emoji on the bottom toolbar, which will show on the participants list
